# LOW-VOLTAGE PENDANTS

Fire Pendant `T20`

DESCRIPTION
The Fire pendant from Tech Lighting launched in 2000 and has since grown in popularity due to its rich colors and simplistic beauty. Externally a rich translucent glass surrounds a frosted raindrop diffuser concealing the halogen lamping inside. The Fire sets a tone of modern sophistication with six classic color options and three high end finishes. With 7.3" in length and 4.5" in diameter the Fire is ideal for kitchen island task lighting, dining room lighting, and countless commercial lighting applications. The Fire pendant is the largest in a family of five Fire pendants available from Tech Lighting – simply search for the Fire pendant to find its closest relatives. Pair the Fire pendant with the Monorail system by Tech Lighting for greater design customization. Includes low-voltage, 35 watt halogen bi-pin lamp and six feet of field-cuttable suspension cable.

INSTALLATION
Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. Not for Kable Lite due to weight.

ACCESSORIES & OPTICAL CONTROLS
Swag Hook

WEIGHT
